Club and hope to come Monday to the dinner. I have simply been too rushed to write to her. Thank you heaps. The second is: I want Louise here for Saturday, the 22nd. very much. I have been trying to see other heads of employment bureaus and secure applications. I want her to interview some of these men on that date. She will not be able to come again until it is too late, I fear. Easter week, nothing can be done because the few days before Easter are used for holidays and I cannot go after school hours - it is too late for office men to have time for interviews. So the only good day will be the 22nd. Can't you drop Louise on your way back from the seminary on Friday? — Love to all - Edna

Edna Rea said her son and I dont have any thing of interest and as it is nearly ten by the clock I will get this to the box for the Post-man. Bill Martha
